THE SCHLEY MATTER.

Bills Introduced in the House in Regard to the Case.

The Secretary of the Navy to Be Directed to Present Rr. Adm. Schley With a Sword of Honor.

Washington, Dec. 18.—Representative Griffith (Ind.) introduced a resolution for an investigation of the department and of the Schley case. The resolution expresses confidence in Adm. Schley, recites the allegations of the Ma. ay history and refers to reports that Capt. Crowder and other naval officers were furnished proofs of this history. The large amount of prize money received by Adm. Sampson and Capt. Chadwick, and the small amounts received by Adm. Schley and the captains of the ships participating in the Santiago, Cuba, battle are set forth as among the subjects to be investigated.

Representative Schlim (Md.) introduced the following resolutions: That the opinion and finding of Adm. George Dewey be, and it is hereby endorsed as the only opinion and finding by the evidence advanced and pertinent facts established before the court of inquiry. That the thanks of congress are hereby extended to the said Rr. Adm. Schley, retired, and to the officers and men under his command for their brave and efficient conduct, achieving the victory over the Spanish fleet under the command of Adm. Cervera. That Rr. Adm. Schley be placed upon the list of retired rear admirals of the United States navy with the full rank, grade, privileges, emoluments and pay of officers of said rank in active service.

Representative Gaines (Tenn.) introduced a resolution reciting the "unparalleled achievement of Adm. Schley in destroying the entire Spanish squadron with consummate skill and heroic valor." The resolution makes the opinion of Adm. Dewey the opinion of congress.

Representative Hall (Tex.) introduced a resolution giving the thanks of congress to Adm. Schley.

Representative Cummins (N. Y.) introduced a resolution directing the secretary of the navy to present a sword of honor to Adm. Schley and to strike off bronze "Schley medals" for the officers and men who participated in the battle of Santiago. An appropriation of \$10,000 is made.

Representative Wheeler (Ky.) a member of the house committee on naval affairs, introduced a resolution for an investigation of the Schley case. The resolution recites the results of the recent court of inquiry and adds: Whereas, Adm. George Dewey, recognized as the foremost officer of the republic, entirely discredits and disavows the opinion of his colleagues on said court of inquiry, and whereas, the American people desire that the conduct of Rr. Adm. Schley should be investigated and passed upon by citizens of the republic in a wise and connected manner with the naval department, therefore be it resolved, That the committee on naval affairs of the house of representatives be directed to inquire into the conduct of Rr. Adm. Schley from the time he assumed command of the flying squadron up to and including the engagement with the Spanish fleet off the coast of Cuba.

Provision is made for a report to the house of representatives and authority is given to send for persons and papers.
